About the Report

This research paper is an attempt to present the difference between the real essence of Swara and the customary practice of this Pushtoon tradition in Human Rights perspective.

This study provides meaning, history, origin and various definitions of Swara for the sake of conceptual clarity.

The areas where this tradition has been practiced are also indicated. The stories of the people who suffered at the hands of Swara have been included to emphasize the severity of situation.

The literary endeavors of Pushtoon scholars, writers, short stories & dramas produced by PTV & PBC along with motion picture of Swara has been included in this research.

Title: Storm in the shelter: lesson learnt from the Mera Ghar.

Author: Uzma Khan

Publishing place: Peshawar

Publishing year: 2006

Description: 71 p; photographs

Size: 6x9

Language: English

CONTENTS

Author's Note

Abbreviations

1. Background
2. Chronology of Events
3. Lessons Learnt

About the Report

This report is divided into three parts, part one includes background, explains how Aurat Foundation's Peshawar office became involved in legal aid and crisis counseling and eventually established Mera Ghar.

Part two, Chronology of Events, describes what happened during the short period from the project being funded to the shelter being closed. As attempt has been made to use external sources, especially newspaper reports, as much as possible to give a variety of views on the happenings of this critical period.

Part three, Lessons Learnt, compiles the views of the key players and observers and attempts to analyse the events to gain an understanding of what happened and the kinds of alliances and strategies which could have helped.

Documenting the experience of Mera Ghar will do more than merely create awareness about the potential problems in establishing a shelter for women in crisis.

Appendices

About the Report

The data of violence against women contained in this report has already been shared with the media and civil society through four provincial and national quarterly report compiled during 2008.

The present report is the amalgamation of these reports in a holistic manner with brief comments on the occurrence of some obvious patterns relation to violence against women in Pakistan starting from January 1 to December 31.

Although, the year 2008 was particularly bad from the perspective of overall violence in society, it could be described worse than previous years as far as violence against women was concerned.

About the Report

This national study is a compilation of the four regional reports put together by four provinces and Islamabad capital.

This is a qualitative review of statistics for violence against women in Pakistan during 2009. The reported statistics are nothing but a true copy, only larger in size, of an earlier report in this series.

One purpose in collecting this data and its dissemination is to continue reminding decision-makers and stakeholders of the gravity of the VAW situation in Pakistan
